MR

MINISTER OF THE INTERIOR
CANADA

Ottawa, Ontario,
17th September, 1917.

My dear Sir,

The Bill, which I introduced, to provide for the admission of Chinese students to Canada who desire to attend our Universities without paying the head tax, has received the assent of his Excellency the Governor General, so that from now on this privilege will be accorded to all Chinese students who desire to avail themselves of same.

Yours faithfully,

W J Roche

ARRÊTÉ

relatif aux demandes d'équivalence du baccalauréat de l'enseignement secondaire formées par les étudiants de nationalité étrangère ayant fait leurs études à l'étranger.

LE MINISTRE DE L'INSTRUCTION PUBLIQUE ET DES BEAUX-ARTS,

Vu l'article 4 du décret du 22 juillet 1912,

ARRÊTE :

ART. 1er. Les étudiants de nationalité étrangère peuvent se faire inscrire dans les Universités françaises, après avoir obtenu l'équivalence avec le baccalauréat français de l'enseignement secondaire des diplômes, titres ou certificats qui, dans leur pays d'origine, donnent accès aux études d'enseignement supérieur. La liste de ces diplômes, titres et certificats est dressée, chaque année, par le Ministre de l'Instruction publique.

Toutefois, ces étudiants ne peuvent se faire inscrire en vue des grades et titres d'État de docteur en médecine, pharmacien et chirurgien-dentiste, s'ils ne justifient pas des diplômes exigés des étudiants français en vue de ces grades et titres, réserve faite du régime particulier appliqué, en vertu de conventions antérieures, aux étudiants originaires de la Roumanie et de l'île Maurice.

ART. 2. Les équivalences prévues à l'article précédent sont prononcées par le Recteur de l'Académie dans le ressort de laquelle se trouve la Faculté ou École où veut s'inscrire l'étudiant.

La demande de l'étudiant doit être accompagnée :

1° Du diplôme, titre ou certificat étranger pour lequel est demandée l'équivalence ;

2° D'une pièce d'identité (*acte de naissance, acte de baptême, etc.*) du postulant.

Ces documents devront avoir été visés soit par un agent diplomatique ou consulaire de France en résidence dans le pays d'où ils proviennent, soit par un représentant de ce pays accrédité en France. Aux originaux devront être jointes des traductions authentiques et certifiées telles, soit par un traducteur-juré de France, soit par un des agents diplomatiques ou consulaires dont le visa est requis.

2147-665-1915.

ART. 3. Chaque équivalence fait l'objet d'un arrêté spécial visant le diplôme, titre ou certificat étranger admis en équivalence. Un bordereau de ces arrêtés est transmis tous les trois mois au Ministre de l'Instruction publique.

ART. 4. Sur production de diplômes, titres ou certificats étrangers autres que ceux visés par l'article 1er, des équivalences de baccalauréat peuvent être accordées et pour les mêmes fins aux étudiants de nationalité étrangère.

Les demandes devront être formulées et les dossiers constitués comme il est prescrit à l'article 2, mais l'examen et la décision sont réservés au Ministre qui statue après avis du Doyen ou Directeur et du Recteur de l'Académie.

ART. 5. Sont abrogées toutes les dispositions antérieures contraires a celles du présent arrêté.

Fait à Paris, le 16 novembre 1915.

DÉCRET

relatif aux équivalences accordées aux étudiants de nationalité étrangère.

LE PRÉSIDENT DE LA RÉPUBLIQUE FRANÇAISE,

Sur le rapport du Ministre de l'Instruction publique, des Beaux-Arts et des Inventions intéressant la Défense nationale et du Ministre des Finances;

Vu la loi du 14 juin 1854 sur l'administration de l'Instruction publique, notamment l'article 14, § 1er, ainsi conçu : «Un décret, rendu en la forme des règlements d'administration publique, déterminera le tarif des droits d'inscription, d'examen et de diplôme à percevoir dans les établissements d'enseignement supérieur chargés de la collation des grades»;

Vu l'article 5 du décret du 22 août 1854 sur le régime des établissements d'enseignement supérieur;

Vu l'avis du Conseil supérieur de l'Instruction publique;

Le Conseil d'État entendu,

DÉCRÈTE :

ART. 1er. Les étudiants de nationalité étrangère admis à bénéficier des décisions d'équivalence de grade sont dispensés d'acquitter les droits correspondant aux actes scolaires français (grades, scolarité, examens) correspondants.

ART. 2. Le présent décret aura son effet à dater du 1er janvier 1916.

ART. 3. L'article 5 du décret du 22 août 1854 est rapporté en ce qu'il a de contraire au présent décret.

At the Conference Sir Donald MacAlister, K.C.B., Chairman of the Bureau Committee, was in the Chair; and Dr. Alex Hill, Hon. Secretary of the Bureau, acted as Secretary.

The Representatives whose names are marked *, together with Professor Gilbert Murray, Director of Special Inquiries and Reports at the Board of Education, London, and Mr. J. W. Joynt, Agent in England of the University of New Zealand, were present.

After discussion, the Conference adopted the following Resolutions, and agreed that they should be communicated to the several University Authorities, and to the Government Departments concerned:—

1. It is desirable that the facilities now existing in the universities of the United Kingdom for "graduate" students from foreign universities and British universities overseas should be increased; and to this end the Home universities should be enabled to develop more fully their arrangements for promoting advanced study and research.

2. For this purpose it is essential that a very considerable addition to the resources of the Home universities should be made, with a view to

(*a*) The provision of a larger staff of the higher teachers in special branches;

(*b*) The further equipment of laboratories, libraries, etc.;

(*c*) The provision of research studentships and fellowships, including some reserved for advanced students from the British universities overseas;

(*d*) The publication of special researches and studies;

(*e*) The reduction or remission of fees to "graduate" students.

3. For the better promotion of research in this country, and for the encouragement of advanced work by "graduate" students from abroad, a degree or title of Doctor should be instituted, attainable after a period of not less than two years of whole-time work devoted to advanced study or research at one or more universities or institutions connected therewith: or an equivalent period of such whole-time work spread over a longer term of years.

4. The existing doctorates of the Home universities should, if possible, be maintained, and their present standard should not be lowered.

5. The title of the doctorate conferred on "graduate" students who have completed the contemplated course of advanced study or research should be the same, whatever the faculty or subject of the course; and the same title should, if possible, be adopted by all the Home universities for the doctorate in question.

6. The Conference is prepared to recommend that the title of the doctorate in question should be Ph.D. (Philosophiæ Doctor).

7. It is desirable (though under present conditions difficult of attainment) that arrangements should be made or facilitated for the interchange of professors and teachers between the Home universities and universities abroad, and for the granting of periodic leave of absence to professors and teachers for purposes of study or instruction outside their own universities.

8. It is desirable that for students of the Home universities increased opportunities for, and recognition of, study and research in universities abroad should be provided; and the Chairman is requested to appoint a Committee for the purpose of collecting information and preparing a report on this subject, to be circulated among the members of the Conference.

[In pursuance of this resolution, the Chairman appointed the following to be the Committee:—

Sir Henry Miers, Dr. Gregory Foster,
Sir Alfred Ewing* Professor Powicke,
Dr. Burrows, Principal Childs,
Dr. Tanner, Miss Tuke,
and Dr. Alex Hill, Chairman.

* Owing to his many engagements, Sir Alfred Ewing finds himself unable to serve].

9. It is desirable that the Universities Bureau should undertake the preparation of a Handbook on the subject of "graduate" study and research in the Home universities, giving information as to the Departments of work to which they severally give special prominence; as to fees and cost of living; as to requirements regarding previous graduation or its equivalent; and generally, as to the conditions and regulations for advanced study and research in each university.

Resolution 6 was carried by a majority, the remaining resolutions *nemine contradicente*.

Dear President Falconer

I gather that the Board of Education are moving in the interests of the Colonial Universities and obtain & arrange post-graduate courses etc.

From what I can learn there would be some misunderstanding in Canada of the position of Cambridge in such matters. Briefly there are degrees of M.A. and B. Litt. & the institutes

arrangement and that the people really
concerned chiefly interchange
views. Mr Wilson and Newton and
but a few others with you are able
aware of the teaching system, and
probably of the reasons that we do
not want to break with it root-
rather to initiate such
universities as [illegible] [illegible]

Paris, le 5 Juillet 1917.

Monsieur le Président,

Je vous remercie vivement de l'offre que vous voulez bien faire à l'Université de Paris de lui donner tous les renseignements dont l'Université LAVAL dispose sur le régime universitaire au Canada.

L'Université de Paris accepte cette offre avec reconnaissance. Les renseignements dont il s'agit lui serviraient de base pour l'admission des étudiants canadiens qui, lorsque l'Université de Paris aura pu reprendre le cours régulier de ses travaux, viendront prendre place parmi ses étudiants.

Depuis longtemps déjà, l'Université de Paris se préoccupe de la question et récemment j'ai transmis, en son nom, à M. le Ministre de l'Instruction Publique, la liste de 12 collèges du Canada dont les titres pourraient, à son avis, être reconnus dignes d'ouvrir l'accès de nos Facultés et Ecoles d'Enseignement supérieur.

Ces collèges sont les suivants :

Acadia University, Wolfville, N.S.

Dalhousie University, Halifax, N.S.

Monsieur le Président de l'Université LAVAL

Laval University, Montréal, Québec

Québec, Québec

Mc Gill University, Montréal, Québec.

Queen's University, Kingston, Ontario.

University of British Columbia, Vancouver, B.C.

University of Manitoba, Winnipeg, Manitoba.

University of New Brunswick, Fredericton, N.B.

University of Ottawa, Ottawa, Ontario

University of Saskatchewan, Regina, Sask

University of Toronto, Toronto Ontario

Victoria College, Victoria, B.C.

Or, je suis heureux de vous faire savoir que, conformément à l'avis du Conseil de l'Université de Paris, M. le Ministre vient de décider que les étudiants canadiens qui seront pourvus des diplômes ou certificats émanant de cet établissement et justifieront de leur identité par la production de passeport ou de l'"affidavit" visés par un agent diplomatique ou consulaire de France, pourront, le cas échéant, bénéficier d'une inscription provisoire dans la forme prévue par l'article 4 de l'arrêté du 15 novembre 1919.

Vous trouverez ci-joint un exemplaire de cet arrêté.

Je vous transmets également un exemplaire de celui du 19 janvier 1924 relatif à la gratuité des diplômes délivrés aux étudiants de nationalité étrangère.
